## Home Furniture Actuators

### ZZQ-TG 07

The ZZQ-TG 07 actuator is a powerful actuator specially designed for comfort furniture such as sofa and medical / nursing bed. The ZZQ-TG 07 has integrated electronics, ensuring optimum usability for the end-user. This actuator is developed for both push and pull applications and is equipped with a socket for cable connection.

#### Specification:

- Voltage: 24VDC
- Load Capacity: Max 6000N
- Moving Speed: 4~40 mm/s (Optional)
- Stroke Length: 50~350mm (Optional)
- Duty Cycle: 10%
- Inner Limited Switch: 2 Switches
